FABRICS *finest CUT*

Underclothing at Its Finest.

We redefine material quality for underwear.

Lingerie & Shapewear

FEIN JERSEY

Setting the standard: Underwear that you just won't be able to get over!

feinjersey finest – the yardstick by which others are measured, making it your first choice for underwear. Cotton, tencel, viscose, micromodal or polyamide: we set the standard for high-quality underwear and corsetry.

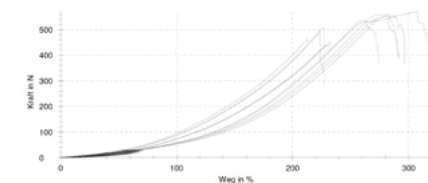

With our high-tech machines and the finest needle configuration available today, with the highest-quality yarns and decades of experience, we manufacture the finest of hosiery which impress not only with their refined, opaque and exceptionally clean and elegant looks, but also with their outstanding wear comfort. You just won't be able to get over it!

Get in touch with us. We'd be happy to talk to you about your ideas and how we can make them happen.

The superior material for lingerie and corsetry:

- Unparalleled wear comfort and a wide range of durable forms
 - Shape is the answer to the demand for highly-developed hosiery and fabric finishes
 - Shape: the perfect fit for individual forms
 - Shape: new generation of bras with soft cups and individual forms
 - Free cut: individual forms and edges to prevent bouncing
 - Free cut: cut as desired for the perfect seam-free look
 - Free cut: reduced manufacturing times
- Impressive performance for a variety of uses thanks to cutting-edge knitting technology with the finest needle configuration available today:
 - ultra-light to heavy fabrics: 100g/m² to 300g/m²
 - Opaque look, exceptionally clean look
 - Extra fine such as single jersey with the wear comfort of fine rib
 - Double face: natural fibers on the skin, polyamide on the outer side
- Reliably certified: STeP; Oeko-Tex®; bluesign®
